How to: **Simplify** Your Enrollments

WeCare® Online Benefit Enrollment System

69%

of employers cite inadequate technology as the main reason for their dissatisfaction with enrollments.*

WeCare simplifies your benefit enrollments because we do all the heavy lifting for you. We listen, create, program, test, launch, communicate, host, operate, monitor, and report.

We promise you won't be dissatisfied with our technology.

*Statistics from the 2011 Towers Watson Annual Benefits Enrollment Survey.

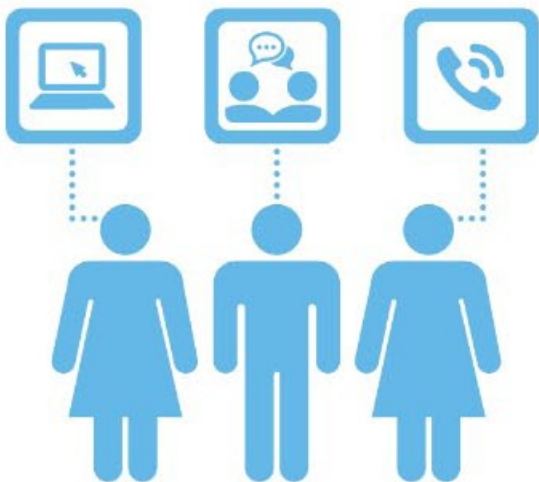

Enrolls All Your Benefits

WeCare® uses web technology to simplify your enrollments. A single website, customized for you, enrolls any number of covered lives – plus all types and any amount of benefits: core, FSAs, life and disability plans, supplemental products, 401(k) and legal plans, and even pet insurance.

Simplify

Supports Any Enrollment Method

WeCare® handles face-to-face interviews, employee self-service, and call center enrollments with ease. You can use it for annual enrollment and new hire enrollment year-round. Your enrollment data is fully protected by our bank-level security processes, and by our SSAE 16 compliant server environment.

Offers Custom Built Solutions For You

WeCare® is customized with your eligibility rules, benefit plans, and rate structures. The system is carrier-independent, and can accommodate all your chosen providers. You give us your benefit, census, and branding information. And you'll have your system in days. We do all the work for you.

y Your Enro

Delivers Big Data & Actionable Reports

WeCare® handles all data functions: acquisition, integration, utilization, and distribution. For benefit enrollments, it's all about the data. You get real-time monitoring, instant payroll deductions, individual benefit reports, eligibility files by employee and dependent for each major benefit, and much more.

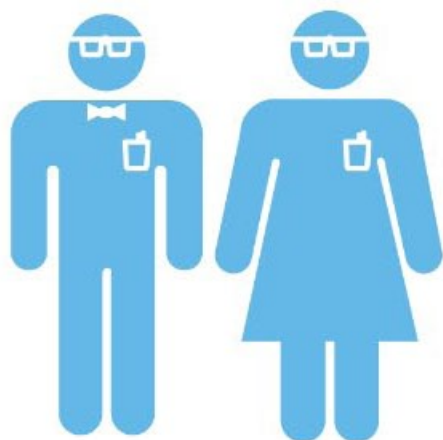

The WeCare® Online Benefit Enrollment System

Communicates Well, Reduces Questions to HR

WeCare® is universally recognized as the most employee friendly enrollment system available. It's easy to use. It communicates benefits clearly and powerfully. It helps plan participants make more informed benefit decisions. And it dramatically reduces questions to your benefits staff.

Illments

Brings Experienced, Skilled, & Dedicated Experts

Not only do our WeCare® team members have an average of 10 years' experience in the benefits industry, they also fully understand the enrollment technology challenges you face, and are totally committed to creating frustration-free systems and delivering them with high-impact service.
